ISPM 15 - IPPC

RO - B - 001
HT - DB

- MOB-VIP offers complete and customized industrial packaging solutions for the transportation and handling of your products.
- The compliance with the International Standards and of the quality of our products will guarantee a safe transport, without sanctions or financial losses.

The company was incorporated in 2001 and we are one of the most competitive companies on the Romanian market in the field of complete industrial packaging services for **terrestrial, maritime and air transports**.

MobVip is the perfect solution when you need packing and industrial packaging services of the best quality, at fair prices, for all categories of transport.

MobVip specialists help you pack, wrap and send the product when you need it.

You can choose any of the anti-corrosion options that we propose.

VACUUM-PACK PACKAGING (ALUMINIUM FOIL)

We are using all types of packing foils, shock, temperature, bending and moisture sensors, VCI COR-PACK tablets, desiccant bags and textile anchorage straps.

PACKAGING IN SHRINK FOIL

All packing products that you will purchase from us are subject of treatment, control, marking and certification according to the PHYTOSANITARY REGULATIONS in force in the destination country.

PACKAGING IN VCI-VpCI FOIL (VAPOUR CORROSION INHIBITORS)

We guarantee the conformity with the latest standards required by World Trade Organization, thus all packaging we are manufacturing are subjected to heat and fumigation treatment according to ISPM 15 International Standard
